

# User guidelines

## LINPAC Recycling bins

### Envirobin

**Cleaning** Products should be flushed with clean water and then washed with a mild detergent solution using a bristle brush or sponge. Care should be taken not to apply undue pressure that may damage labels. Flush clean with water after washing.

**Manufacturing Standard** (as applicable)

All Leaffield Environmental products are manufactured to BS EN ISO 9002.

Plastic materials: Mechanical properties tested to BS 2782 Hot dipped galvanized: BS 729

Powder coating: BS 3900 Zinc coating: BS 1706

**Tools** None

**PPE** Always wear appropriate PPE equipment and follow safety guidelines

#### Removing hood and liner

1 Grip the rim lifting it up and off the lip of the bin base

2 Lift rim upward clearing the bin base and place to one side

3 Gather liner from top of bin, lift up and empty

#### NOTE:

Leaffield does not operate a refuse collection system. This must be arranged by the customer.

## Removing and replacing liners

4 Grip wheeled liner using forward facing handle

5 Tilt liner away from bin body and roll free from bin and empty. Repeat removal process with second liner

6 Replace liners tilting away from bin body and rolling over lip on base ensuring handle is facing outwards

## Locking door

7 Ensure both liners are flat on bin base

8 Push door closed

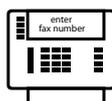

9 When at closed position door will drop down and engage lock automatically
